WILDLIGHT ANNOUNCES COMCAST AS NEWEST TECHNOLOGY PROVIDER

WILDLIGHT, FL – March 20, 2018 – Wildlight, the mixed-use, new town under development in Nassau County, is proud to announce Comcast as its newest technology provider. Comcast plans to deliver a high-speed fiber network solution throughout the entire community. In addition, Comcast plans to deploy outdoor community Xfinity Wi-Fi hotspots for residents, businesses and community members to enjoy.

“At Comcast, we strive to create the best entertainment and online experience for all communities and their residents,” said Rafael Visbal, Vice President of Xfinity Communities for Comcast’s Florida Region. “We are extremely pleased to work with Wildlight to provide a comprehensive network with gigabit-speed capability to every aspect of this unique community – from the residential neighborhoods to the commercial and retail sectors, in addition to Wildlight Elementary School.”

From the beginning, Wildlight’s developer understood the importance of establishing a strong technology foundation for the community. Residents and businesses will have access to high-speed internet, home entertainment services and community Wi-Fi from day one.

“During the initial planning phase, we made a conscious decision to invest in technology as a necessary amenity for the entire community,” said Charles Adams, vice president of community development for Wildlight. “We are excited to work with Comcast to help build Wildlight’s technology infrastructure and ensure all entities within our community have universal access to the most advanced communications network.”

###

About Comcast

Comcast Corporation (Nasdaq: CMCSA) is a global media and technology company with two primary businesses, Comcast Cable and NBCUniversal. Comcast Cable is one of the nation’s largest video, high-speed internet, and phone providers to residential customers under the XFINITY brand, and also provides these services to businesses. It also provides wireless and security and automation services to residential customers under the XFINITY brand. NBCUniversal operates news, entertainment and sports cable networks, the NBC and Telemundo broadcast networks, television production operations,

television station groups, Universal Pictures and Universal Parks and Resorts. Visit www.comcastcorporation.com for more information.

About Wildlight

Wildlight is envisioned as a new town inspired by a character, culture and pattern of living that we call "Florida Lowcountry," where play is a part of every day and the natural world is a natural part of life. The plan for Wildlight includes a mix of homes, townhomes and rental apartments together with shops and restaurants, a new elementary school and a system of trails and pathways intended to make it healthy and walkable and connect it all together. Our Phase 1 plan is flexible and currently designed for about 1,000 homes across about 260 acres plus nearly 350 acres of permanently preserved open space. Wildlight will offer comfortable and friendly Florida Lowcountry living 20 miles north of Jacksonville, just east of Interstate 95 on A1A, with easy access to both Amelia Island and the Jacksonville International Airport. Wildlight is being created by Raydient Places + Properties, a taxable subsidiary of Rayonier Inc., a real estate investment trust. For more information please visit Wildlight.com.
