

THIS IS WILDLIGHT

A community committed to education

Wildlight is all about places to live. Places to play. And places to learn. Located within the top-rated Nassau County School District, it's where the youngest residents can discover a lifelong love of learning. And perhaps the best part of being nurtured near nature? Kids in grades K-5 can hop on a trail and walk or bike right over to Wildlight Elementary.

Of course, there's no age limit on learning and education doesn't just mean sitting in a classroom. In Wildlight, you'll find yourself making all kinds of new discoveries. Whether that's through enjoying our creative parks, exploring the trails and preserved woodland and wetland spaces (our natural playgrounds), or discovering new friends at one of our community events.
