## WILDLIGHT RESIDENTIAL PROPERTIES

Wildlight Residential Properties, Inc. (“Association”), a Florida corporation not-for-profit, is established by Wildlight LLC (“Founder”), and subject to the Community Charter for Wildlight Residential Properties (“Charter”) as a governance structure and flexible system of standards and procedures for the development, expansion, use, administration, maintenance and preservation of various residential properties and common areas within Wildlight. The following are examples of programs, recreational amenities and common areas maintained and enhanced by the association:

- ▶ **PARKS** Within Wildlight are neighborhood parks devoted to our residents. These parks will be social gathering spaces for residents, a place for children to play and an extension of outdoor living spaces.
- ▶ **RECREATIONAL POOL FACILITIES** For all residents at Waterbug Park, and a private pool at Del Webb Wildlight.
- ▶ **SOCIAL ENGAGEMENT** Whether it is a movie on Tinker Street, guided trail runs, farmers markets, kids’ activities or community festivals, the residential association will include a dedicated Lifestyle Director to organize and plan community events.

Wildlight Residential Properties is also supported by a one-time working capital contribution. Currently estimated to be \$62.33, or 1/6th of the annual master assessment for 2024 payable from the buyer upon closing of the initial home purchase from the builder in Wildlight.

## EAST NASSAU STEWARDSHIP DISTRICT

Established by the Florida Legislature and signed into law by Gov. Rick Scott on June 6, 2017, the East Nassau Stewardship District (“District”) is a special purpose entity created to operate and maintain basic services for the future community development within the 24,000-acre East Nassau Community Planning Area (“ENCPA”).

All District-owned improvements, facilities and public infrastructure such as storm water management systems, utilities, roadways and certain recreational amenities will be open and accessible to the general public, subject to limitations based upon ordinary or customary hours of operation. The District includes the community of Wildlight.

- ▶ **TRAIL NETWORK** A cornerstone to making the natural world a natural part of life will be the trail network within and around Wildlight. Wildlight will be a place where walking and biking are the preferred and will promote the health and well-being of our community.
- ▶ **CONSERVATION HABITAT NETWORK** The District will be responsible for maintaining permanently preserved open space, estimated to be 1,300+ acres within Wildlight Phase 1.
- ▶ **STORM WATER SYSTEMS, UTILITIES & ROADWAYS** The District is established to maintain facilities that are designed and constructed as an interconnected system of infrastructure within the community.
- ▶ **FUTURE PARKS** Plans at Wildlight will include parks that will be available to the public and are currently being planned. Parks may include trails and other park recreational amenities.
