

THIS IS THE TOWN DISTRICT

The “town” in our “town in nature”

The Town District is home to so much more than, well, homes. It’s also where you’ll find our vibrant Village Center, with its eateries, offices, shops and services (we’d mention some of them, but the list keeps growing) — plus UF Health, the Wildlight YMCA, multiple parks and Wildlight Elementary. And with miles of Wildlight Trailways connecting it all, everything’s an easy walk or bike ride from home. Speaking of which, you’re sure to find one that fits just right, whether you’re looking for a lower-maintenance townhome, family-sized single-family home or residence in our 55+ gated community.

SOME OF THE REASONS WILDLIGHT FEELS DIFFERENT

- An amazing range of single-family homes and townhomes that capture the spirit of lowcountry living
- Outdoor living spaces, including big, friendly front porches
- High-quality materials and styles that honor local architecture
- Sustainable and easy-to-maintain landscapes
- The walkability of town meets the wild beauty of nature
